

Good Morning!

Thank you to those of you doing your best to follow the expectations. I hope everyone is also getting some independent reading time in and playing outside when the weather allows.

Below are your assignments for today. I will be checking to see if you have completed these assignments, and they will count toward your 4th quarter grades.

Math:

Xtra Math if you have not passed both multiplication and division. After that, 10-20 minutes on Khan Academy-start where you left off. I'm not going to worry about the recording sheet at this point. I can see what you are working on and for how long, and you can fill in your scores when we return.

[Khanacademy.org](https://www.khanacademy.org)

After this, go to our Google Classroom and use the links for Pearson Math to watch the instructional video and complete the assignment that goes with it. The video is Lesson 14-2 and the assignment is titled Digital Quick Check-March 16, 2020. Both the video & questions are due Tuesday morning by 8:30.

Literacy:

Read Ch. 7 "Women in the Renaissance". The assignment with the Chapter and Questions is located on our Classroom Stream. During and/or after reading the chapter, answer the questions on the Google Form about what you read. The questions are due Tuesday morning at 8:30 AM.

Science:

Read Ch. 4 "The Biosphere". It is posted on our Classroom Stream, along with questions about the chapter. If you have paper to take notes like we do at school, that would be best. The questions are due Tuesday morning at 8:30 AM.

Social Studies:

Read Ch. 6 "Land, Land, and More Land". It is posted on our Classroom Stream, along with an EdPuzzle video about Manifest Destiny. If you have paper to take notes like we do at school, that would be best. The video questions are due Tuesday morning at 8:30 AM.

You should also continue working on your Transportation Presentation. We will present when we return to school.

I am working on a Quest in Classcraft. It is not live yet, but there are links to videos/articles on our Classroom Stream. I will let you know when the Quest is active, so please do not focus your time and energy on those. What is specifically written above each day is what you should complete.

I will send more work tomorrow and Wednesday mornings. Please take this seriously, as these days are not counted as part of Spring Break. Please take care of yourself, and I hope you and your family stay healthy!
