

Good Morning! Today is the last day of assignments for this week. 😊
All assignments are due tomorrow morning by 8:30 for full credit. After that, any late work turned in will receive half credit.

Below are your assignments for today. If you are unable to complete them due to not having internet access, your parents need to email me **immediately** at mloftis@bellecreekcs.org. I will be checking to see if you have completed these assignments, and they will count toward your 4th quarter grades. I hope you're also getting some independent reading time in and playing outside when the weather allows.

Math:

Xtra Math if you have not passed both multiplication and division. After that, 10-20 minutes on Khan Academy-start where you left off. I'm not going to worry about the recording sheet at this point. I can see what you are working on and for how long, and you can fill in your scores when we return.

Khanacademy.org

After this, go to the Pearson site (can access through Google Classroom) to watch the instructional video and complete the assignment that goes with it. The video is Lesson 14-4 (Measurement Data) and the assignment is titled 14-04 Digital Quick Check-March 18, 2020. Both should be listed on our Google Classroom stream, so you should be able to use those links. If you are confused after watching the video on Pearson, please email me before beginning your assignment. Both the video & questions are due Thursday morning by 8:30.

Literacy:

Read Ch. 8 "The Northern Renaissance". The assignment with the Chapter is located on our Classroom Stream.

Next, spend 10-20 minutes on Grammar on Khan Academy. If you've worked in this course before, start where you left off. If not, please begin at the beginning with nouns. You can jump straight to the Course Challenge at the bottom/end if you feel up to it. If

you don't get a great score, head back to the beginning and do the learning before attempting it again.

Science:

None today since we would be at the Talent Show! (You could put one on at home instead. 😊)

Social Studies:

None today since we would be at the Talent Show! (You could put one on at home instead. 😊)

The Quest in Classcraft is now live. What is specifically written above is your priority. The Quest is not for a grade, just some additional information that will give you a jumpstart on our last unit for ELA.

Continue working on your Transportation Presentation. We will present when we return to school.

Please take care of yourself and help your family stay healthy, too. I know it's hard to be at home all the time (I'm stuck, too), but let's all try and make the best of it.
