

Happy Mother's Day from your favorite first grader!

Mom And Me

Best friends forever mom and me, picking flowers and climbing trees.

A shoulder to cry on, secrets to share, warm heart and hands that really care.

My Mother, my friend you are so dear, for all my life I hope you'll be near.

Your tender smile that guides my way, you're the sunshine that lights my day.

Happy Mother's Day 2010!

I Love You!
