CHECK OUT IMPORTANT CLASSROOM & SCHOOL INFORMATION

January Dates to Remember

January 16 - no school (MLK)

January 20 - end of quarter

January 23 - teacher workday

January 31 - report card

Christmas Tea Thank You

Thank you to everyone who came to our Christmas Tea and celebrated our writing with us. We had a huge crowd, larger than ever before, but still were able to hear some wonderful pieces of writing. Thanks again for your continual support! LBE

January will come and go very quickly as we have several short weeks. Students have been working on addition to 999 with and without regrouping. We will begin subtraction to 99 with and without regrouping during the later part of the year. Please continue working with your child on simple addition and subtraction flash cards. These are essential to mastering addition and subtraction to 999. Students should be able to answer each simple fact

and not counting on their fingers.

Students will also have the opportunity later this month to complete their first research project. We will begin learning about biographies and each student will be able to research and learn more about someone interesting. More information to come!
