

*Excellence in the arts has a price tag, but one that
we all understand to be necessary
in order to be successful.*

Dear Community Partner:

We are fortunate to live here in Okaloosa County, a community with a history of generous support for the Arts. As another school year begins, the Niceville High School Choral Boosters are reaching out to you to participate in supporting and sponsoring our local Niceville youth in the performing arts.

These talented young students rehearse and prepare throughout the school year for numerous on and off campus performances including various state, national, and international level events. The choral program at Niceville High School fosters creativity, discipline, and perseverance, as well as helping direct youthful energy towards positive self-esteem and community enrichment.

We invite you and/or your company to take advantage of considerable marketing and advertising opportunities in exchange for sponsorship. You can get in front of hundreds of people in the community in conjunction with choral events. Various levels of sponsorship are available:

- **Yearlong Sponsorship of the Chorus** as defined in the attached flier of sponsorship levels. Ask us how to give the Gift of Music this holiday season!
- **Grand Staff Fun Run Sponsorship** – for \$150 your business's logo will be on the Fun Run shirt. Ask us how to participate in the run!
- **Italian Night/Silent Auction** – donations of products or gifts to auction during our silent auction will result in your company's name being listed on our website and displayed on the night of the event. Ask us how to take the night off from cooking and enjoy dinner with the chorus!

Donations and support from our business community are vital to ensuring the success of the NHS Choral program. Chorus students pay an individual chorus fee to help with the costs. They also work hard every year performing and fundraising in an attempt to earn funds for the chorus. However, we cannot reach our goal alone, we need your help.

Excellence in the arts has a price tag, but one that we all understand to be necessary in order to be successful.

Thank you for your consideration,

The Niceville High School Choral Boosters
