

Kindergarten
Weather
Standard Course of Study:
LA: 3.01, 3.02
Math: 4.01, 4.02
Science: 2.03
Information Skills: 4.04.2 4.09.2
Technology: 1.05, 1.06, 1.13
EQ:
How do we change what we do to deal with the weather?

Timeline:
Approximately
1 month

In their classrooms, teachers will do learning activities from Weather Word-O at Learn NC.
<http://www.learnnc.org/lessons/TeacherAcademy7242002417>

Assessment:
Student work will be collected and kept in a journal to show "What I Learned About Weather"

What are some types of weather?

Design an activity similar to the Weather Webquest. Students will cooperatively create a weather journal on one type of weather then jigsaw and share.

Wind

Cloud Cover

Precipitation:
rain, sleet,
snow, fog

Share books and websites that talk about different types of weather.

How do I measure the temperature?

Record Temperature over time period.

Class will record on Calendar then tally numbers of days. Parker will find pictograph site for graphs.

Use Cuisenaire rods to compare temperature data in math

How do I compare weather changes?

Study how animals adapt to weather changes. Students will illustrate animals in different weather conditions.

Venn Diagram comparing the weather in A Letter to Amy and A Snowy Day

Fiction & Non Fiction
